We can assist companies with:

- Increasing current shareholder base and investor interest
- Increase market capitalization
- Increase trading volume
- Increase liquidity and retail interest
- Prepare for strategic acquisitions
- Elevate market capitalization

About Us

TheStockProfiler.com is a subsidiary of physXmedia, Inc., a world class opt-in email provider that has been servicing clients since 2002. Our goal is to help clients increase equity appreciation and liquidity. Our superior technological knowledge coupled with our complete understanding of the financial markets make us one of the most sought out firms in the Small Cap arena.

TheStockProfiler.com takes over the cumbersome task of introducing your company to millions of potential investors so you can focus on achieving your business goals.

What sets us apart?

Unlike other IR firms that “specialize” in stock awareness campaigns, TheStockProfiler.com has a complete understanding of all the components involved in making a campaign truly successful. The process starts with a complete analysis of the company and it’s story. Armed with that information we can construct a plan that includes creative development, opt-in email marketing, website placement, wire services and search engine advertising. These services combined together and released at the right times will give your company a powerful push that will undoubtedly get investor attention.

Some of our Small Cap clients include; CLTH, OGOH, AOGN, CTLG, USSU, PLTG, GFRE, ETLY, SLTA, RLKX, MSOL, AFSE, OCOL, TORO, MEVT, SYPJ, GYGC, SOIS, MVTG, UDTT, EXPT, ANGS, HYBT, CYDE, MIHS, NTRO, FNDM, MCII, UCPI, DEGH, SRNW, ISML, ERUC, FNGP, NVST, RXEI, CNOA, VTOK, BSLM, NASV, NCOA, HSPO, NCTW, UNEV, RFDL, RXRS, BQTG, NCSH, AMLJ, TTGL, THM, AITX, NWGN, GOAM, and many more.

Services Breakdown:

Creative Development

Professional creative services completed by one of our degreed graphic designers and copywriters. The-StockProfilr.com team has over 1,000 creative designs to it's credit. We know what it takes to attract investors attention while remaining compliant with all SEC and CAN SPAM regulations.

Opt-in Email Marketing

TheStockProfilr.com has access to over 15,000,000 potential opt-in investors through our parent company physXmedia, Inc. This database can be effectively used to deliver your press releases to millions of investors who may have otherwise not been introduced to your story. With over 100,000 new subscribers a week your press releases will always be introduced to new potential investors. We use the most cutting edge technology in the business to ensure your mailing gets delivered in a CAN SPAM compliant, fast and effective manner.

Website Placement

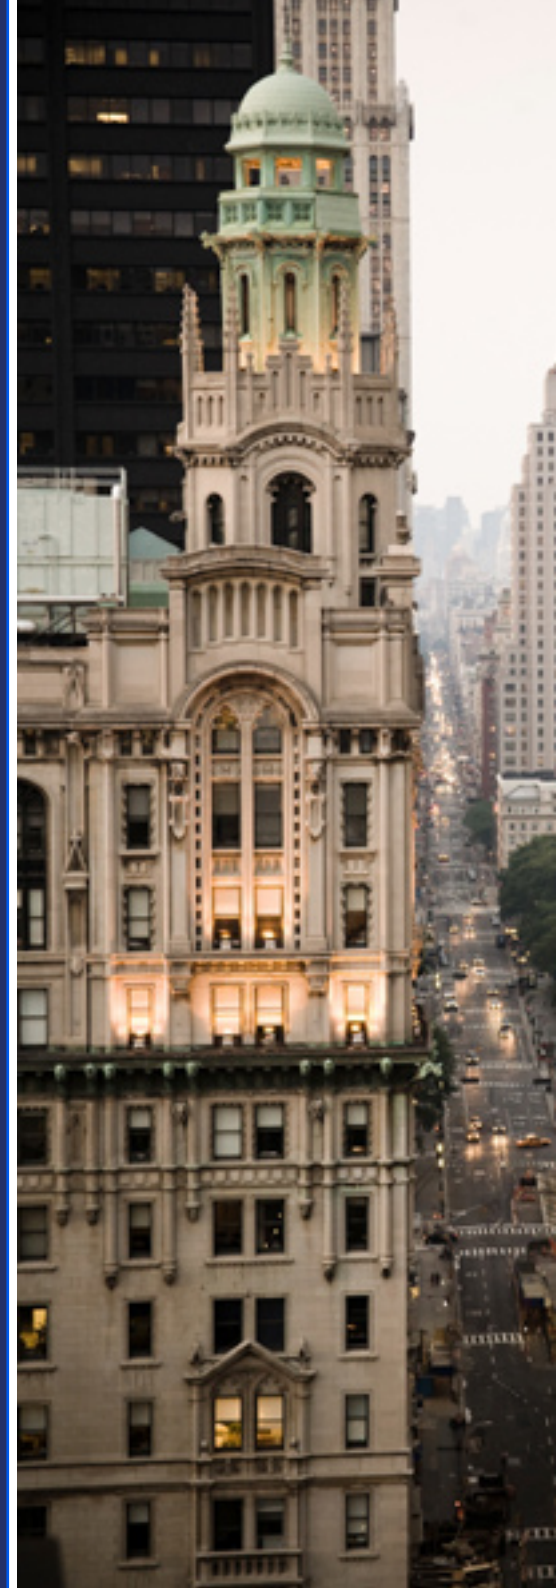

Complete front page, "Featured Stocks", profile of your company. This front page listing will include a company synopsis, current quotes and charts, a link to the corporate website and press release.

Wire Services

Our investment opinion press releases reach over 5,000 thousand newspapers, magazines, national wire services, broadcast media, industry-appropriate trade publications, Web-sites, databases and online services. In addition you will receive Search Engine Optimization (SEO) of every news release.

Search Engine Advertising

SEO services when coupled with our wire services offers companies an opportunity to get top search engine placement on all news releases, investment research reports and website listings. This is an invaluable tool that will undoubtedly get your company the web presence it needs.
